Contact: A.J. Ciccotelli (917) 239-2219 soulmateproductions17@gmail.com

Logline: A young woman from the city is helped when her car breaks down by a rural farm owner, a tough-as-nails no, no-nonsense older woman with deep dark secrets. Together, they must gain skills to combat the young woman's violent ex-husband hunting her down.

Project Summary

FAB, also known as Gabriella, has just signed her divorce papers and set to board a train to California to meet her boyfriend PHILIPPE, a musician.

Project Summary

She changes her mind after a nightmare where her ex-husband NYLE finds her and attacks her on the train.

Project Summary

Trusting her instincts, she drives through America's heartland instead. Fab's only source of company is a meditation file that Phillipe made with a beautifully composed score called *For Fab*.

Project Summary

She travels into Iowa with a few bags in the hopes of reaching her destination. Then her engine seizes because of having no oil, and she is stuck.

Project Summary

Only REN, a rural farm owner with a house by the highway, offers her any chance of a warm place to stay with food since she is being hunted by Nyle.

Project Summary

At first, Fab & Ren don't connect because of their ways of dealing with the world. Where Fab is coarse and outspoken, Ren is uptight and proper.

Project Summary

The two soon realize they have more in common than they both know. Their evolving friendship forces Ren to come to terms with her traumatic past and Fab to realize she can control her destiny.

Project Summary

Their friendship helps them face the impending dangers of Nyle, who is about to descend on the farm.
